CS aerotherm stepped into the commercial bakery equipment domain, in the year 1997, with a long-term technical collaboration with FN Aerotherm, Denmark to manufacture rotary-rack (B-900 and B-1300) and electrical deck-ovens and most advanced Diesel, Gas, Electric Rotary Rack ovens. Today our product range not only meets the demand of domestic clients but also find their way to highly satisfied clientele in countries of Indian sub continent, Middle East and Africa. For the expanding domestic and international client database, our brand 'CS Ovens' stands for quality, variety and dependability.

10 TRAY CONVECTION OVEN

Move over deck ovens, this compact convection oven is the newest in technology for small to medium sized bakeries. It is ideal for baking all types of bread, cookies, croissants, puffs, etc. Stainless steel interior for hygienic and healthy baking. Uniform baking gives a perfect touch to the end product. The oven is compact and sleek, occupying less space. It comes with a steam function which enables you to make cupcakes, fruit cakes, and sponge cakes of different flavors. Its gas consumption is less than a kilogram per hour making it eco-friendly and energy efficient. Moreover, it is easy to clean and maintain. You can even make tandoori items, baked dishes like garlic bread, croissants, pizzas, steamed items as dhokla, idlis, sponge cake, scrumptious desserts such as pudding, kheer. Widen your horizons and grow your business with CS Aerotherm's world-class ovens.
