CS aerotherm stepped into the commercial bakery equipment domain, in the year 1997, with a long-term technical collaboration with FN Aerotherm, Denmark to manufacture rotary-rack (B-900 and B-1300) and electrical deck-ovens and most advanced Diesel, Gas, Electric Rotary Rack ovens. Today our product range not only meets the demand of domestic clients but also find their way to highly satisfied clientele in countries of Indian sub continent, Middle East and Africa. For the expanding domestic and international client database, our brand 'CS Ovens' stands for quality, variety and dependability.

Removable Bowl Spiral Mixer

This is a superior quality high-end Bakery Spiral Mixer that is used for mixing and kneading flour. It comes with a removable bowl, which can be transported using a bowl lifter.

It's extremely useful in large bakeries and plants. It can handle 100-125 Kgs of dough at any given time. It is efficient, fast and requires little maintenance. Additionally, there's less noise emission and it is energy efficient.

It is equipped with a bowl safety transparent guard. Independent motors are provided for the bowl and spiral mixer. Spiral Arm, Bowl and Dividing plate are made of high-grade Stainless Steel.

Standard Features:

- Highly durable stainless steel Spiral Mixer.
- Extremely safe and energy-efficient.
- 100-125 Kgs of dough capacity.
- Powerful dual-motor.
- Low noise emission.

Specifications

Specifications	SMH-100	SMH-125
Maximum Wheaten Flour (Kgs)	80	101
Maximum Dough Capacity (Kgs)	160	200
Bowl Volume (l)	270	340
Installed Power (KW / HP)	8.2 / 11	10 / 14
Voltage and Phase (Volts / Phase / Hertz)	415 / 3 / 50	415 / 3 / 50
Dimensions (L x W) in mm / inches	1720 x 895 / 68 x 35	1720 x 895 / 68 x 35
Height in Working Position in mm / inches	1380 / 55	1380 / 55
Height when the lid is open in mm / inches	1840 / 73	1840 / 73
Weight (Kgs)	730	795
